In preparation for your examination...

Radiology Examinations:

- **Upper GI (UGI), Small Bowel Follow Thru (SBFT), Esophagram, Barium Swallow** Nothing to eat or drink for 6 hours before examination. (SBFT can take two hours or more to complete.)
- **Intravenous Pyelogram (IVP)** Clear liquid lunch and dinner the day before examination. Two hours after dinner, drink one 10 oz. bottle of Magnesium Citrate. Do not eat anything further except for black coffee, tea, clear juices or water in AM but not breakfast.
- **Colon (Barium Enema)** Preparation is most important. No enemas are required but you will need to purchase one 10-ounce bottle of Magnesium Citrate, three Dulcolax Tablets, and one Dulcolax Rectal Suppository from pharmacy. Clear liquids only for dinner on day prior to examination. No milk products. Drink eight to ten 10-ounce glasses of cold water during day. Two hours after dinner drink one 10-ounce bottle of cold Magnesium Citrate, and two hours later take three Dulcolax Tablets (swallow whole, do not take within one hour of anti-acids or milk). In AM, two hours before X-ray, insert one Dulcolax Suppository in rectum. Retain at least 20 minutes before bowel movement. Coffee, tea, or juice, but no breakfast allowed.
- **Myelograms** Call imaging center for instructions.

Ultrasonounds:

- **Abdomen, Gallbladder, Vascular Ultrasound** Nothing to eat or drink for 8 hours before examination.
- **Pelvic Region, OB** Drink 32 oz. of water one hour before examination. Do not empty bladder.
- **Renal/Kidneys** Drink 16 oz. of water one hour before examination. Do not empty bladder.
- **Thyroid, Carotids, Venous Doppler, Breast, Testicular** No preparation is necessary.
- **Any Biopsy** Nothing to eat or drink four hours before procedure.

- MRI:**
- **Abdomen, Pelvis** Nothing to eat or drink six hours before examination.
 - **All other examinations** No preparation is necessary.

CT Scan:

- **Abdomen, Pelvis** Pick up oral CT contrast from Pueblo Radiology or your physician. Nothing to eat or drink four hours prior to your exam EXCEPT: You will need to drink the punch in four equal servings — **Glass #1:** Drink four hours before your scheduled exam time. If your exam is scheduled at 10am or earlier, drink this glass the night before, just before bed time. The next three glasses need to be sipped slowly and each finished before starting the next glass; **Glass #2:** Drink this glass 1-1/2 hours before your scheduled exam time; **Glass #3:** Drink this glass 1 hour before your scheduled exam time; **Glass #4:** Drink this glass 1/2 hour before your scheduled exam time.
- **Chest w/contrast, soft tissue Neck, Head w/contrast, any Angiograms, Abdomen for Renal Stones, Urogram** Nothing to eat or drink 1 hour before exam.
- **Cervical, Thoracic, Lumbar, Pelvis for bone, Sinus, Head w/o contrast, Facial Bones, High Resolution Chest, all Extremities** No preparation is necessary.
- **CT Colonography** Call imaging center for instructions.

Patient Reminders:

- Give this request to the receptionist.
- Allow sufficient time for examination(s).
- Please bring insurance card with you.
- Please arrive 15 minutes early for registration.
