Notes: _____

In preparation for your examination...

PATIENT REMINDERS

- Please:**
- Bring this request to the Imaging Center.
 - Allow sufficient time for examination(s).
 - Bring insurance card with you.
 - Be prepared to pay any copay or deductible at the time of appointment.
 - Arrive 20 minutes early for paperwork.
 - Bring your prior images.
 - If you believe you could be pregnant, please inform our staff before your appointment.

RADIOLOGY EXAMINATIONS

- **Upper GI (UGI), Small Bowel Follow Thru (SBFT), Esophagram, Barium Swallow:** Nothing to eat or drink for 8 hours before examination. (SBFT can take two hours or more to complete).
- **Colon (Barium Enema):** Please pick up the LoSo Prep Kit for bowel cleansing from Pueblo Radiology or your local pharmacy at least 24 hours prior to your exam.
- **Myelograms:** Call Pueblo Radiology for instructions.

ULTRASOUNDS

- **Abdomen, Gallbladder, Renal Doppler:** Nothing to eat or drink for 8 hours before examination.
- **Pelvic Region, OB:** Drink 24 oz. of water one hour before examination. Do not empty bladder.
- **Renal/Kidneys:** Nothing to eat 8 hours before examination. Drink 24 oz. of water one hour before examination. Do not empty bladder.
- **Thyroid, Carotid Doppler, Venous Doppler, Upper and Lower Extremity Arterial Doppler, Breast, Testicular:** No preparation is necessary.
- **Biopsy:** Small amounts of liquids and usual medications on day of exam. Breast biopsy patients may have regular diet.
- Please call us if you are on blood thinners including Coumadin, Lovenox, Plavix, Heparin, or Aspirin.

MRI

- **Abdomen, Pelvis:** Nothing to eat or drink for 6 hours before examination.
- **Breast:** Must be day 6 – 15 of menstrual cycle, unless new diagnosis of breast cancer. **Please fast for 2 hours.**
- All contrast exams, please fast for 2 hours.
- **Prostate:** A fleet enema is suggested for best possible results. **Please fast for 2 hours.**
- **All Other Examinations:** No preparation necessary.
- Please leave all jewelry and metallic objects at home if possible.

CT SCAN

- **Abdomen, Pelvis:** Pick up oral CT contrast from Pueblo Radiology. For most, oral contrast will be given. **Nothing to eat for 4 hours. Prior to appointment.** Drinking instructions will be given at time of pick-up. (One or more days prior to appointment.)
- **All exams using (with) IV contrast:** Drink plenty of fluids until one hour prior to exam appointment; thereafter, nothing to eat or drink. Exception: Abdomen / Pelvis use drinking instructions as above.
- **Abdomen / Pelvis for Renal Stones, Cervical, Thoracic, Lumbar, Pelvis for Bone, Sinus, Head w/o contrast, Facial Bones, High Resolution Chest, All Extremities:** No preparation necessary.
- **CT Colonography:** Call imaging center for instructions.

MAMMOGRAPHY

- Do not use any deodorant, body powder or lotion on breasts or underarm area the day of your examination.
- Diagnostic exams are reviewed by radiologist before the patient is released. Additional views or ultrasound may be required to complete the evaluation.

BONE DENSITY - DXA

- No calcium supplements 24 hours prior to DXA study.
